

UW DEPARTMENT OF PEDIATRICS TEACHING EFFECTIVENESS (PEER) INSTRUCTIONS 2ND TERM REAPPOINTMENT

OBJECTIVE

To gain insight from your colleagues into your teaching skills, presentation organization and delivery, and professionalism.

GENERAL

Five (5) teaching effectiveness evaluations are required for the 2nd term reappointment packets for the following:

- Clinician-Scholars
- Faculty-Scientists
- Research Faculty with teaching responsibilities

The School of Medicine does not require teaching effectiveness evaluations for Academic Clinicians.

Only teaching effectiveness evaluations from the time of the initial appointment as Assistant Professor should be included in the 2nd term reappointment packet. This packet **must include teaching effectiveness (peer) evaluations for each academic year** since appointment.

The candidate, with input from the Division Head, selects at least five (5) faculty peers to complete the teaching effectiveness evaluations. Faculty peers (at candidate's rank or higher) may be selected from within the candidate's division or from another division/department.

Of the five teaching effectiveness evaluations submitted:

- At least one must be for a formal lecture/presentation
- At least one must be for observed teaching effectiveness

DIVISION ADMINISTRATIVE STAFF

Submit to uwpedsfa@seattlechildrens.org the list of teaching effectiveness evaluators using the "Promotion Contact List" no later than the requested date.

FACULTY AFFAIRS TEAM

The Faculty Affairs Team will issue an electronic version of the teaching effectiveness evaluation to each evaluator using REDCap and will track evaluator progress to completion.
